PRE-BREEDING ARRANGEMENTS: The mare owner must provide the following information to Pendragon Performance Horses LLC when booking a mare:

1. Copy of registration papers
2. Completed Information Sheet
3. Signed breeding contract
4. All Applicable fees:
 - a. The booking fee & breed fee must be paid in full before any cooled/frozen semen will be shipped.
 - b. Any incomplete registration certification or unpaid charges will result in a hold of the mare's name on the appropriate stallion breeding report.
 - c. Semen will not be shipped to any mare unless a current credit card number and expiration date is on file with Pendragon Performance Horses LLC or shipping is prepaid with a check or money order payable to Pendragon Performance Horses LLC.

BREEDING ARRANGEENTS:

1. Collection days are Monday/Wednesday/Friday. It is the mare owner's and his/her veterinarian's responsibility to confirm our breeding/shipping days.
2. To guarantee shipping, mare owner or agent, must give at least 24-hour notice of possible semen shipment required to Pendragon Performance Horses, LLC and confirm shipment prior to actual shipment by 8 AM Central Time on day of collection.
3. Every effort will be made to accommodate your mare's breeding time frame; however, it is the mare owner's responsibility to keep in touch with Pendragon Performance Horses so that your veterinarian and ours can get your mare in foal in a timely manner. Failure to adhere to these arrangements may result in missed heats and delayed shipments, at the mare owner's expense. A veterinarian knowledgeable in successful insemination techniques (**including deep horn**) must oversee off site inseminations to maximize the potential of a timely pregnancy.

4. If a mare dies or is deemed unfit to breed during the breeding season, a substitute mare (approved by Pendragon Performance Horses LLC) may be bred without any additional breeding fee. **No refunds given on any fees associated with this contract.**
5. The mare owner agrees to have the mare checked by ultrasound no later than 18 days after insemination. If ultrasound is unavailable, mare owner agrees to have the mare checked for pregnancy with heartbeat by licensed veterinarian within 30 days of insemination. **Mare owner agrees to provide Pendragon Performance Horses LLC with the results of the pregnancy exam no later than 30 days after insemination with last breeding date.**
6. **Limited live foal guarantee:** A live foal is defined as one that will stand and nurse. If foal is born dead, mare owner agrees to furnish the stallion owner, within 7 days, a certification that the foaling was an attended foaling and deliver a written statement from a licensed veterinarian giving details required to substantiate the failure of the mare to produce a live foal. The mare owner will have the same right to substitute a different mare for the rebreeding provided that the substitute mare has been approved by Pendragon Performance Horses LLC. In such a case, return privileges will be available for one additional season only following original contract season. Rebreds must pay the rebreed chute fee and any shipping charges applicable. **If the mare owners fail to rebreed the mare the following year after original contract, then any and all fees become forfeited, the right to rebreed is cancelled and the stallion owner is released from all further obligation of this contract, unless otherwise agreed in writing and signed by both parties.**
7. We do not offer color guarantee.
8. Embryo transfers – if more than one embryo is produced, an additional stud fee will be due at 30 days pregnant of each additional embryo.
